MAHAK

Rohtak, Haryana, India | 7404042534 | mahakdhankhar22@gmail.com | GitHub: github.com/mahakdhankhar22-rgb

PROFESSIONAL SUMMARY

Frontend Developer with hands-on experience translating UI/UX designs into responsive web interfaces using HTML, CSS, JavaScript, and React. Experienced in building and maintaining production frontend code, debugging and refining features through iterative review, and using Git for version control while collaborating on shipped features. Comfortable working across the development lifecycle, from requirements to deployment, and quick to pick up new frontend tools and practices.

EDUCATION

Baba Mastnath University, Rohtak *Expected May 2027*
B.Tech — Artificial Intelligence & Data Science | CGPA: 9.2/10

Sanskar Valley Public School
Class XII — 74% (2023) Class X — 88% (2021)

EXPERIENCE

Frontend Developer Intern — Matrabhumi Technology Pvt. Ltd. *July 2026 – Present*
Krshak — Agri-tech platform

- Translated UI/UX requirements into 6+ responsive, production frontend features using HTML, CSS, JavaScript, React, and Tailwind CSS — including login/register, homepage, product detail pages, an internal dashboard, and voice-based search and billing tools.
- Built reusable, responsive UI components across desktop interfaces, focused on consistent layout, visual hierarchy, and usability.
- Debugged and fixed UI and functional issues surfaced in review cycles, refining code quality and interaction behavior before each feature shipped.
- Used Git/GitHub for version control while developing and maintaining multiple concurrent frontend features, collaborating directly with the founder from requirements gathering through deployment.

PROJECTS

GitHub Profile Explorer
React, JavaScript, GitHub REST API, CSS

- Built a responsive React application integrating the GitHub REST API to search and display user profiles and repository data.
- Implemented search, repository filtering, and reusable React components for an interactive, maintainable frontend codebase.
- Tested and refined the interface for responsiveness and a smooth user experience.

TECHNICAL SKILLS

Languages: C++, JavaScript, Python
Frontend: HTML, CSS, JavaScript, React, Tailwind CSS, responsive web design, UI/UX design
Tools: Git, GitHub, VS Code, Cursor
Core: Data Structures & Algorithms
